

## Ann Rowsey Is Chosen Campus Beauty Queen

### Queen Ann Will Represent UTMB

Ann Rowsey, freshman in education, was chosen as campus beauty queen from a parade of nine finalists in the annual revue Friday night, February 17.

Amidst cheers and applause Miss Rowsey, representing the freshman class, received her crown from Nancy Lawson, retiring queen.

Queen Ann will represent UTMB during the year in such contests as the West Tennessee Strawberry Festival and the Miss Tennessee Pageant.

Letty Taylor, sophomore in home economics representing Delta Kappa, was chosen as first maid; Jennie Lou Hall, sophomore in home economics representing YF&H, tied with Mary Nell Arnold, freshman in education representing Delta Club, for first alternate.

This year for the first time on UTMB campus the judges based their decisions on a point system. Each girl was given a certain number of points for her appearance in formal and swim suit and her presentation of talent. At the end of the contest, the scores were tallied, and the royalty was determined by the persons who had attained the highest score throughout the two-night revue.

Other finalists were Alice Clare Freeman, representing junior class; Amanda Lashlee, Alpha Gamma Rho; Carol Melton, Grenadiers Club; Camille Sammons, Agriculture Club; Sandra Westbrook, T-Club.

Also for the first time, a Queen's Ball was held in the gymnasium following the revue. The music was furnished by the Ascots from Union City.

## Scholarships Are Being Awarded

The Scholarship Committee at UTMB is now selecting the recipients of forty-eight scholarships available for the 1961 fall quarter.

To be eligible for consideration, any applications must be in the hands of the committee before March 15, according to Lloyd King, chairman.

These scholarships are available both to freshmen and upperclassmen, and are available in all curriculums.

To be accepted, an applicant must have a B average and must have a definite financial need. Scores made by high school seniors on the ACT test will be a determining factor in acceptance. High Lloyd King, chairman of the Scholarship Committee. High moral character will also be a consideration.

A policy of awarding scholarships on a quarter basis is effective this year. A recipient will retain the scholarship for a year if he meets the requirements each quarter. If he fails to meet them, the remainder of the scholarship will be retracted and awarded to someone else.

Scholarships are distributed among the curriculums according to their percentage of total enrollment.

Approximately 100 applications have been received.

## CALENDAR

March 3 — Military Ball, Strata Club, Grenadiers' Club.  
March 4 — Carnicus High School Preview, Gymnasium, Physical Education Department.  
March 6-7 — Carnicus, Gymnasium, P. E. Department.  
March 10 — Dance (Open), Strata Club, Men's Dorm.  
March 11 — Dance (Closed), Alpha Gamma Rho.

**BULLETIN!**  
Preliminary plans for the new Physical Education building were mailed today to Dean Paul Meek by Malcolm Rice, U-T architect, Knoxville.

## Social Committee To Meet Mar. 21

The Social Committee will meet with representatives of all petitioning campus organizations on March 21 at 7 p. m. in the ASA room of the Student Activities Building.

This meeting will be for the purpose of setting up the calendar for Spring Quarter. All organizations planning activities for the quarter will seek dates for such.

"If you have not planned your activities, please try to do so before this meeting," requested Henry Allison, social chairman, today.

## Editor To Speak At Film Showing

George Sisler, promotions editor of the Commercial Appeal, will be in Martin March 2 to provide the commentary for the filmstrip "Communism on the Map."

The film will be shown at the Varsity Theater, Thursday March 2, at 1 p. m. as one of UTMB's assembly programs.

The showing will be open to the public as well as to UTMB students, and there will be no admission fee.

The filmstrip which was developed by the Memphis American Legion Post No. 1 and the Commercial Appeal, traces the advances of communism from 1917 to the present time.

It has received praise from Washington and from many Mid-South viewers, and according to J. C. Henson, UTMB assemblies chairman, there is quite a lot of interest on campus concerning the film.

## Graduating Class Will Be Largest

The 90 candidates in prospect for June graduation make up the largest class to seek degrees in the history of UTMB, according to Mrs. Myrtle Phillips, registrar.

In 1953 thirty-one agriculture and home economics students were awarded degrees.

## Three Sororities To Go National

The Chi Omega and A D Pi women's fraternities are planning to become affiliated with their respective national organizations on March 18.

The Zeta Tau Alpha colony voted unanimously to wait until the latter part of April or the first of May to become actively affiliated with their national chapter.

Their purpose in doing this was to complete their pledge training so that they may be more fully prepared to receive participation.

The UTMB Administrative Council has approved the Chi Omega request for national affiliation and is expected to approve that of the A D Pi's today.

The Chi Omega Xi Zeta installation and initiation ceremonies will begin at 10 a. m. March 18, with a number of official guests present. Among these will be a visiting chapter from another university and possibly the national president of Chi Omega.

In the evening there will be a banquet for the members, their sponsors and guests.

Freshman Ann Rowsey exchanged her beanie for a crown in the recent beauty revue and will be entered as Miss UTMB in the Miss Tennessee Pageant and the Strawberry Festival.

## Pi Kappas Ready For Inspection

The Pi Kappa men's fraternity is preparing for national inspection March 25.

President Sammy Edwards and James Smith visited the chapter at Murray State College Saturday. Kent Reasons and Melvin Burklow visited the regional office the same day. On February 18 the delegates of the local chapter, Sammy Edwards and pledge Gordon Baggett, attended the district meeting sponsored by the Sigma Tau Alpha chapter at Vanderbilt in Nashville.

The 25 members of the current pledge class have been working on money making projects and are reported by officers to be making progress. The Pi Kappas have been extending congratulations to pledge Ted Sines on his recent election as Carnicus King.

## EXAM SCHEDULE RELEASED TODAY

The schedule for the final examinations for winter quarter was announced today by Paul Foote, coordinator.

Seating arrangements for A. H. 122, E. P. 123, Eng. 112, Eng. 231, Hist. 122, M. S. 112 and M. S. 212 will be announced by the instructors. All other final examinations are to be held in the class home rooms.

No exceptions are to be made to this examination schedule without the approval of the Committee on Instruction, according to Mrs. Myrtle Phillips, registrar.

March 13 — 8-10, all 8 o'clock classes; 10-12, All Eng. 112 and Eng. 231; 1-3, H. E. 312, E. D. 112, S-2, 4, 7; Statistics 221; 3-5, 2 o'clock Monday classes.

March 14 — 8-10, 9 o'clock Monday classes; 10-12, Agri. 441, All M. S. 112, M. S. 212; 1-3, 9 o'clock Tuesday classes; 3-5, 3 o'clock Monday classes.

March 15 — 8-10, 10 o'clock Monday classes; 10-12, E. D. 112 S-5, 6, P. E. 333P, All A. H. 122; 1-3, 10 o'clock Tuesday classes; 3-5, All E. P. 123.

March 16 — 8-10, 11 o'clock Monday classes; 10-12, All Dairy 213, Hist. 122; 1-3, 11 o'clock Tuesday classes; 3-5, 1 o'clock Monday classes and E. E. 202.

March 17 — 8-10, 8 o'clock Tuesday classes; 10-12 4 o'clock Monday classes.

## U-T Singers Will Present Program

The U-T Singers, a well known tour group, will give an evening concert on UTMB Campus March 21.

The singers are composed of 45 U-T Knoxville students. They have made appearances in many parts of the United States and in several other countries including Mexico, Spain, and England.

The program, directed by Ambrose Holford, assistant professor of fine arts at U-T, will be presented in the Music-Drama Building and is open to the public.

## Carnicus To Stage Shows On Three Nights Mar. 4, 6, 7

### Xi Zetas Pledge 'Frosh' Women

By MARTHA DALE RICHIE

Xi Zeta colony of Chi Omega Fraternity has pledged nineteen freshman women.

The installation took place in the home of Mrs. E. B. Pritchett, Sr. Sunday afternoon, February 19, 1961. The pledges who were selected are:

Pattie Alexander, Carolyn Askew, Cile Bramham, Joan Crawford, Shirley Grooms, Janice Harrison, Sarah Ann Holomon, Edie James, Nancy Kann;

Amanda Lashlee, Ginger Lawson, Carol Melton, Kathy Pratt, Judy Rowe, Ann Rowsey, Mary Beth Shaw, Karen Webb, Linda Wheeling, and Pam Wilsford.

At the February 19 meeting the president, Alice McBride, recognized the Chi Omegas who have recently received campus honors. Among those who were congratulated were Laraine Fields, elected Miss UTMB in a campus-wide election; Ann Rowsey selected UTMB beauty queen to represent the university in the Strawberry Festival and the Miss Tennessee Pageant; and Letty Taylor, chosen first maid in the UTMB beauty contest. Also, Alice McBride recognized Alice Clare Freeman, Amanda Lashlee, and Carol Melton who were chosen campus beauties.

Six Chi Omega members were elected campus leaders. They are Suzanne Barnard, Alice Clare Freeman, Elaine Freeman, Paula Johnson, Alice McBride and Letty Taylor.

Chi Omega welcomes on campus the two new social organizations, Zeta Tau Alpha and Alpha Delta Pi. The members of the Xi Zeta colony have expressed their interest in harmonious inter-sorority relationships.

### Preview Scheduled For Seniors Mar. 4

A preview of the 1961 version of Carnicus at UT-M will be staged especially for high school seniors on Saturday night, March 4, at 8:00 p. m.

Trampoline stunts, men's advanced tumbling acts, the all-women's folk dancing, and the modern dances will be included in the preview program.

The clowns will also perform for the high school seniors and the UT-M hosts.

The program will be climaxed by a waltz performed by a selected group of men and women.

A dance for the high school seniors and their UT-M hosts will be held following the performance.

### Students Study Radio Proposal

Consideration of the workability of the proposed plan for a UTMB closed circuit radio station has been referred back to the student committee for further study, Henry C. Allison, chairman of the committee appointed by Dean Paul Meek to study the matter, said today.

Questions to be studied are fidelity of transmission, limitation of the range of transmission, the problem of possible interference with other electrical equipment and the determination of whether similar installations have been used at other universities and whether there will be a continuing interest in such a facility after those who are presently interested complete their studies on the campus.

The faculty committee has asked the student group to find satisfactory answers to these questions.

### Regular Carnicus Program Is Mar. 6-7

Approximately 300 UT-M students will perform in the annual Carnicus program to be presented March 6-7 in the gymnasium.

The Carnicus program will include activities involving various tumbling stunts presented by both men and women, advanced tumbling stunts, rope jumping acts, folk dances by both the mixed folk dance class and the all-women folk dance class, several round dances by special groups, pyramidal building acts, and two original modern dance arrangements.

The crowning of Carnicus King Ted Sines and Queen Joyce McIntosh will also be a highlight of the program.

Five clowns will add to the liveliness of the program this year. Fred Harper, J. B. Brown, James Roach with repeaters from last year, Ray Pollard and Melba Whitesides, will play the clowns.

The women's tumbling stunts will be performed by a group selected from all of the tumbling sections of the P. E. Department. The group includes Patti Alexander, Betty Britt, Linda Cheatham, McGlade Ladd, Marsha Dean, Joyce Graves, Elaine Latham, Joyce McIntosh, Lynda Morris, Betty Gay Reed, Sally Roberts, Ann Rowsey, Mary Stover, Dianne Vest, Dora-dene Weldon, and Sandra Westbrook. These women will present a series of acrobatic stunts ranging from the simple to the more complex ones demonstrating skills of balance and timing.

About 100 men selected from the freshmen and sophomore tumbling classes will demonstrate basic tumbling stunts. A special group composed of Leon Barr, Gene Brodie, Larry Carmichael, Bob Cloys, Carlton Cooper, Bill Denton, Tommy Duncan, Wilbur Edmiston, Robert Galligan, Ralph Golden, Fred Harper, Terrell Johnson, Jim Love, Bob Melton, Thurman Penick, James Roach, Curtis Shelton, and Ted Sines.

Pyramids will also be built by each section of men's tumbling with a ladder pyramid as a climax.

An original rope jumping act by Fred Ashmore and a number of the same men who performed last year will be presented.

The mixed folk dance class composed of 30 men and 30 women will do a humorous dance entitled "Seven Hops." "Marklander," one of the most famous German dances based on the Schottische step, will also be presented by this group. A special group selected from the above class will do a round dance to the music of "Bye-Bye Blues."

The all-women folk dance class will do two English folk dances. The first dance entitled "Galopede" is an English longways dance demonstrating the basic polka step. "Christ Church Bells," the second dance, was brought to America by the Early Quaker colonists who used it as an expression of communal worship.

Karen Bridges, Jane Jolley, Nancy Bunch, Rose Ann Randle, and Nancy Roberts will present an original modern dance which they have entitled "Loneliness." The dance will be the dancers' interpretation of the feeling of loneliness present in everyday life and the unsuccessful attempt to conquer it. Linda Cheatham and Sally Roberts will perform another original modern dance depicting the indoctrination of witchcraft into two individuals' lives. They have entitled the dance the "Witches' Sabbath."

Jenny Lou Hall and Ann Gresham are serving as co-chairmen of the decorations committee for Carnicus.

Joyce McIntosh and Ted Sines will reign over Carnicus as Queen and King, March 6 and 7.

## ORCHIDS TO 'GIRL CRAZY'

Our praise and congratulations go to the many students who worked with the Music Department and Vanguard Theater in presenting their magnificent production of "Girl Crazy".

The countless hours of hard work that obviously went into the preparation of the play gave the audiences who braved the rain each night to attend an evening of delightful entertainment. At times it was hard to decide who was enjoying the play more, the audience or the cast.

The hard work on the part of the cast and numerous other works, indeed, a very rewarding experience for all. These extracurricular activities add much to the college life of all those who participate and the spectators as well.

Congratulations on a job well done!!!

## COMMUNISTS, AVOID ASSEMBLY!

If you are a Communist be sure and DO NOT ATTEND the assembly program to be held March 2 at the Varsity Theatre. At this time, a film strip entitled "Communism on the Map" will be presented, showing to the members of the UTMB student body and the people of Martin the history of this anti-American organization.

We loyal citizens of these our democratic ways that we are struggling so desperately to keep alive here in America, should take advantage of this opportunity and not miss it. Chances are that we will all gain much from this film in learning how to keep this and future generations free of the Communist Plague.

Will we see all 1,042 of you there Thursday? Hope so!

## WILL FRATERNITIES RENDER SERVICE?

Sororities and fraternities, or is it fraternities and sororities. These are probably two of the most commonly used words on campus this quarter, but what just are they so far as college life is concerned?

Sure, they are social organizations, but is this their sole purpose? Sororities and fraternities can very easily render invaluable service to the campus on which they are organized.

To the college community they can render service similar to that rendered by civic organizations in our own communities back home. These civic clubs are a precious possession of many communities in the United States. Of what value will sororities and fraternities be to this campus? Only time will tell.

## INVITE A SENIOR TO UTMB

Especially at this time of the year, high school seniors everywhere are beginning to grow panicky if they have not made any definite decisions about college—whether they will attend college or not, and if so, where is the college that will offer them the most?

Without having to think back too many years, most of us can remember the moments of anxiety that we went through trying to come up with a solution to these problems.

Just what is college like? What does one do for entertainment? What does a college campus look like? What is dorm-life like? These were, perhaps, a few of the questions that passed through many of our minds. And still, today, high school seniors are searching for the answers to these questions, plus many more.

How did we find the answers to our questions? Chances are that we finally mustered up enough courage to creep up to a college student right there in our own home town and engage in a friendly little chat at the corner drug store. This was, indeed, an excellent way to become enlightened on the subject, for as has been said many times before, "A little explanation by students sometimes is more helpful than a lot of explanation by teachers." But this is not enough.

Stop right now and think—how many high school seniors back at our own home town are trying to answer these questions at this very moment? How many of us have taken time to talk with him? Granted, none of us has many opportunities to go home for this sole purpose, but now we do have an opportunity for the students to come and visit us on this campus and get a preview of college life.

Over 5,000 invitations have been sent out to high school seniors, principals and sponsors to attend the Carnicus Preview to be held March 4. All that many of these students need now is a personal note from one of us, inviting them to UTMB for the week-end.

# Just Who Would Miss UTMB?

Miss UTMB  
Beauty Queen

Miss UTMB  
Campus Leader

## Cavit Cheshier Addresses Club

"The education of people to a constantly changing agriculture is needed, and higher education is essential to provide for this change," Cavit Cheshier told U-T M Ag Club members at their annual banquet Friday, February 24.

Cheshier, who makes his home in Nashville and is a field worker for the Tennessee Education Association, was a member of the first graduating class at U-T M in 1953. He made an enviable record as a student, being elected "Mr. UTMB," Senior Class president, ASA president, and campus leader. He served as instructor in horticulture here before accepting his present position with T-EA.

The Ag Club seized the opportunity to bring one of its former presidents back as a guest speaker and many of the members voiced approval of his after-dinner comments. Cheshier pointed out that the phenomenal population growth coupled with a migration of people from the farm has brought sweeping changes to the field of agriculture.

The decreasing proportion of agricultural workers makes the role of agriculture and farmers even more important, he said.

"The problem of dealing with surplus is not nearly so difficult as that of dealing with hunger," Cheshier declared. "Someone has said to control the earth you must control the minds of people, and we must strive for higher education plentiful living so that this may not be so."

Going on, he pointed to the tremendous contrast in the agricultural system of Russia and the United States. Only about 12 percent of the population of the United States is engaged in agricultural production as compared to 50 percent in Russia.

"The field of agriculture is still very promising due to its rapidly expanding phases," Cheshier said. He pointed out that farmers alone use five times more machinery than the automobile industry. This continued expansion is opening more fields for agricultural graduates.

In closing, Cheshier said, "There remains a most interesting, fascinating, and enjoyable life in agriculture. The future depends upon the individual."

The Summer Missions Drive was launched at noon last Wednesday with Joe Hudson and Ray Martin working as co-chairmen of the drive to raise \$500.

The Baptist Student Union welcomes Rev. and Mrs. Bill Delaney as pastor of Southside. The students are looking forward to working with these fine people.

The married BSU students are planning a social March 24. It is to be a casserole dish supper.

A committee has begun work on nominating officers for next year's executive council. The new officers will take over the last part of this year.

Training Union officers from the Young People's department of First Baptist enjoyed a breakfast last Tuesday morning in the center. The 19 students discussed achievements and plans for their training union.

The revival at First Baptist was very successful. Eight students united with the church.

Harry Cliff was recognized as BSU'er of the month for January at the council meeting last Tuesday night. Upon presentation of the award Clarice Thomason gave special recognition to Harry's outstanding loyalty, optimistic attitudes, faithfulness to Christ, and to the good job that he has done as co-janitor of the BSU center.

Harry, a sophomore in engineering from Newbern, is missions chairman on the executive council.

Brenda Hudson has been selected as YWA'er of the Year on UTMB campus. From a group of YWAs, one chosen from each campus, a girl will be chosen to represent the state as YWA'er of the State.

While stationed at UTMB Sgt. Butler has completed four quarters of college work. He will continue his college studies at Fort Benning and in Korea and expects to return to UTMB after retirement to complete the work for a degree.

During fiscal year ending July 1, 1960 the state parks of Tennessee took in \$854,510 from its operations. This reflects 3,911,830 visitors. 18

## AD Pi's Field Worker Assists

Miss Margaret MacKinnon, Alpha Delta Pi field secretary, is visiting the Delta Upsilon Colony on U-T-M campus this week.

Her purpose in meeting with the colony is to help with its organization. Miss MacKinnon plans to visit U-T-M campus for a week.

On Thursday, February 16, the petition for the Delta Upsilon Colony was passed by the Student-Faculty Organization Board.

The first pledge meeting was held Thursday, February 16, at 4 p.m. in the ASA room. Preceding the meeting four women were installed as charter pledges. These pledges are as follows:

Barbara Buckingham, Linda Long, Carolyn Sharp, and Sue Williams.

Judy Bobbitt was elected to serve the colony as historian, and Joyce White was appointed to serve as reporter.

Announcement of the initiation date which is set for March 18 was made by President Betsy Barton. A lengthy discussion followed.

The meeting was climaxed with the pledge lesson taught by Mrs. Sandra McKnight, the pledge trainer.

Along with plans for initiation, plans are being made toward holding the meetings in Apartment 22 on Lovelace Street. Also Delta Upsilon Colony of Alpha Delta Pi announces the acceptance of Miss Rebecca Murphy as faculty sponsor.

"We would like to thank you, Pi Kappas, for the Valentine's cake. It was enjoyed by all AD Pi's!" states President Betsy Barton.

## Wha' Hopped To Old Maid Club

By JENNIE LOU HALL

Does anyone know the whereabouts of the "Old Maids' Club"?

Last year I became very interested in the organization and activities of this group of upstanding young women on this campus, and I vowed to better myself, that some day I too might be accepted into that group.

Through the summer months, while other students relaxed and lived it up, I worked toward my goal of self-improvement.

I studied hard last quarter and brought up my average; I worked on improving my social graces; I acquired a sweet smile; and finally this quarter, I felt I was prepared to accept the responsibilities and honors of a true "Maid."

But tell me, can you? What has happened to the organizations I idolized so? Is there not one "Old Maid" left to share the weekends in the dorm with me? Tell me if you can, what has happened to the "Old Maids' Club"?

## Prof. C. E. Wylie To Visit Campus

Professor C. E. Wylie will visit the campus March 13 in the interest of the UTMB dairy program and the Tennessee School of Religion, of which he is chairman.

Professor Wylie will explore the possibilities of further development of the School of Religion at U-T Martin.

## Home Ec Group At Workshop

Representatives of the Home Economics Club at University of Tennessee at Martin attended the West Tennessee Area Workshop at Memphis State, Saturday, February 18.

Those attending were Carol Wimberley, Bonnie Howell, Nell Williams, Virginia Pope, Suzie Dodd, Melba Whitesides, Margaret Nutt, Jeanette Sammons, Kay Kerr, Miss Aaltje Van Denburg and Miss Ann Pope.

Also attending the workshop were representatives from Freed-Hardeman College at Henderson and members of Memphis State.

Plans for the election of state vice-president and secretary were discussed along with plans for the state convention which is to be held in Memphis, April 14-16 at Hotel Peabody.

The Home Economics Club sponsored a spaghetti supper Monday night, February 20. The meal was served buffet style from the kitchen in the Home Ec. Building. Members of the club prepared and served the spaghetti to 212 guests.

The Spaghetti Supper was the Home Economics Club money making project for the quarter. Plans are now being made to make it an annual event.

## AGR'S Planning For Spring Rush

Members of the Martin colony of Alpha Gamma Rho are entering the final rush of the quarter with an eye on plans for the coming spring.

"As always, last minute term papers and reports are really keeping us busy," Stanley Miller, fraternity president, said. "We have had a number of activities this quarter, and plan to engage in even more in the spring. We still have a social planned for the end of the quarter that should give us a break from studying."

The AGR's are working with the winter quarter pledge class and are making tentative plans for the spring quarter group. They are considering a campus project for the near future.

# Chenette Calls Baseball Meet

A meeting of all men interested in trying out for this year's baseball team will be held at 5 o'clock Wednesday afternoon, March 8. The meeting will be held in Room 203 of the Administration Building and all returning players and newcomers are urged to attend the meeting. Coach Ed Chenette said.

Plans are for baseball practice to get underway Monday, March 13. Since this is the week of final exams, it is expected that the opening week's practice will be on a somewhat informal basis, with players attending as their study and exam schedule permits. Workouts will be held daily from 4 to 6, and ball-

players are urged to keep this in mind when working out their spring schedules. Until the new field west of the Mt. Pella road is ready, practice will be held at Harmon Field in the northeast section of Martin.

Nucleus of this year's team will be some eight or ten returning players. Included are Tony Austin, Pete Hunter, Danny Hollingsworth, Larry Myrick, Joe Hudson, Mike Williams, Jerry Goff, Jeff Brannam, and Robert Bagwell.

"We never know what type of team and season we'll have until the players come out," Coach Chenette said. "Since we do not have any scholarships of any type available for baseball, in contrast with the many offered both in football and basketball, we merely keep our fingers crossed and hope that some boy of college caliber in pitching has enrolled here. The years we are lucky enough to have such a pitcher, we have a fairly successful season, but when we don't, things get a bit rough, especially since all of our opponents except two have boys on scholarships available."

This year's schedule included home and home series with Austin Peay, David Lipscomb, Belmont, Union, Lambuth, and Freed-Hardeman.

## Costume Prize Goes To Murrys

Nancy and Rene Murray, husband and wife team, walked away from the second annual international folk dance party Saturday night ten dollars richer than when they came after having been judged the most authentically dressed couple present.

The party was held in the gymnasium under the sponsorship of the campus Young Farmers and Homemakers Club.

Nancy, a freshman in business, and Rene, a freshman in agriculture, both from Memphis, wore colorful Mexican costumes which they had purchased on a trip to Mexico.

Second place went to Hugh "Wimpy" Colville and Alice Clare Freeman, in their Hawaiian costumes. "Wimpy" wore the men's lava-lava and aloha shirt and Alice Clare wore the woman's muu-muu.

Cecil Settle and Martha Cloar tied for third place with Melvin Humphreys and Kay Kerr. Cecil was dressed to represent the maharaja on India and Martha was dressed in the Indian women's sari. Melvin wore a Lithuanian costume and Kay wore a Spanish one.

## PHI SIG NEWS

By HOWARD BURNS

The Phi Sigma Kappa dream for a complete party room and chapter week was fulfilled this past weekend with the decoration of the basement.

The chapter cleaned the basement out during the first of winter quarter and finished the floor this quarter. The additional work included hanging a parachute, painting the walls and hanging a fish net from the ceiling. Most of the art work was done by members.

At the beginning of fall quarter the chapter purchased the house to serve as both a home for the members and a place for chapter meetings. For this reason, the completion of the basement as a chapter room has been important.

This quarter's pledge class is finishing its training and pledgeship and plans for the initiation are being made. Last week the pledges challenged the actives by taking shaving equipment and some articles of clothes from the fraternity house. For several days, the unshaven actives waged continuous harassment attempting to regain lost articles. This method of harassment led to floor scrubbing, yard work and car washing and proved quite successful. All the items were returned shortly after the beauty revue.

The local chapter will extend its hard of brotherhood to the Phi Sigma Kappa chapter from Southern Illinois University during a weekend in April. The plans for the visit include a party and joint activity of the chapters for pledge rushing and fraternity promotion.

The local chapter is now planning a large spring quarter party for alumni in this area; and to introduce the chapter, the fraternity house will be open for inspection during the weekend.

The men of Phi Sigma Kappa would like to congratulate the ASA and all contestants for the wonderful beauty revue. Like many people on campus we feel that this was the best one yet.

We would also like to congratulate the cast, directors, and management of "Girl Crazy". Performances as outstanding as this one are definitely a sign of the growing campus and ability of the students linked with the guidance of the faculty for better campus presentations.

## Thomasine Miles Is ROTC Queen

Miss Thomasine Miles, the daughter of Mr. and Mrs. J. T. Miles of Dresden, was crowned Queen of the Military Ball on February 17 at the C'est Bon Country Club in Knoxville. She was elected, from fourteen candidates, by secret ballot earlier by the Advanced Cadets of the Army ROTC Cadet Corps.

Tommie attended UTMB her first two years.

## New Microscope Takes Pictures

Sara Featherston tries out new \$2,000 photomicroscope in biology lab. Apparatus will take pictures.

Photomicrography or taking pictures through a microscope is now possible in the biological sciences division of the Liberal Arts Department at U-T Martin Branch.

This process has been made possible through the purchase of a triocular research microscope. The new piece of equipment with its attachments cost approximately \$2,000.

The new microscope will not be used in regular classroom work but the photomicrographs will be used in classes, according to Dr. James M. Moore, chairman of the biological sciences division. It

was also purchased with purpose in mind of getting staff members interested in research work.

Another piece of equipment purchased recently for the biological sciences is a microtome. This instrument makes slides to be studied under the microscope and will be used in laboratory work.

There are tentative plans for a course in microtechnique to be offered next year in which the microtome would be used, Dr. Moore said.

Also, fourteen stereoscopic microscopes have been purchased. These are to be used principally in laboratory work.

## Speech Contest Has Five Entries

Five high schools will participate in the annual speech contest to be held March 25 by the Speech and Drama League at U-T M.

Dresden High School, Grove High School at Paris, Humboldt High School, Martin High School, and Tiptonville High School have submitted entries to Dr. James R. Wilson, head of the U-T M English Department, and chairman of the league.

Nine areas of interest are open to the contestants, including debating, extemporaneous speaking, original oratory for boys, original oratory for girls, declamation, humorous reading, dramatic reading, one-act play, and oral poetry interpretation.

Winners in the various contests will be eligible to compete in the state contest which will be held April 22 at Austin Peay State College.

## Tea To Be Given For ZTA Colony

The Zeta Tau Alpha Colony will be given a tea Saturday, March 6, by Mrs. Raymond Lamb and her daughter, Mrs. Paul Jackson from McComb, Mississippi. Mrs. Jackson was a member of Zeta Tau Alpha at University of Tennessee, Knoxville.

Following official recognition of the group, the Zeta Colony held its formal pledging Thursday, February 16, at the Cumberland Presbyterian Church. The following girls were formally pledged: Jo Ann Adams, Rosalyn Atkinson, Nancy Ann Benoist, Joyce Bomar, Mary Farrar, Brenda Harrison, Nancy Kent, Lynda Jones Kay Kerr, Mary Noble Leathers, Dean Lindsey, Gayle Lutts, Margaret Nutt, Dalane Rowlett, Camille Sammons, Jeanette Sammons, Mary Alice Smith, Mary Edna Stover, Martha Scott, Nellie Jo Thedford, Martha Carol Taylor, Elinor Vaughan, Melba Whitesides, Nell B. Williams.

New pledges to the colony are Joyce Bomar, Marta Scott and Rosemary Malcolm. The Zeta Colony is making plans for installation of the chapter in the latter part of

April or early May, following the completion of their training program.

## CUBAN STUDENTS GET LSU HELP

Money is being collected this month at Louisiana State University to help 35 students from Cuba. The DAILY REVUE explained that the 35 were without funds because Premier Fidel Castro was not permitting parents and friends in Cuba to send them financial assistance.

The paper pointed out that Cuban students throughout the United States had been affected by Castro's restriction.

## Future Husbands Get Training In Homework

Pete Hunter learns how to iron in Husband Training 322 as Miss Vera Burnette, instructor, and classmates look on.

By CAROL WIMBERLEY

"Husband Training" 322, camouflaged in the catalogue as Home Economics 322, is a very popular course here on the U-T M campus. This is a course designed to help males (females too) become familiar with equipment used in the home.

These future husbands learn to purchase, operate, repair and then replace all small or major pieces of equipment found in a home. They learn to relate the equipment to needs and arrangements of the home and when through with the course they have actually planned and equipped a lovely useful kitchen.

While learning to use the equipment the boys acquire such arts as making toast, mixing cookies, washing, dry-

Course 322 should certainly be included in any list of prerequisites for a husband. ing and ironing clothes, the art of making a cake fall well and how to blow the top off an ice cream freezer.

## Names Suggested For New Parties

University of Chicago MA-ROON offers some ready-made titles for new campus political parties:

ANTI—Association of Non-Timorous Individualists.

ETC—Edgers Toward Communism.

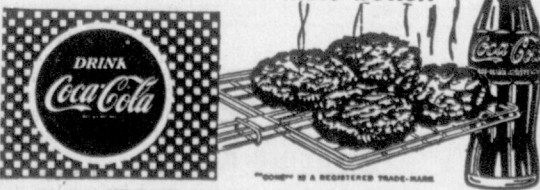

WASP — Working Association of Student Progressives.

STEMP—Students to Eliminate Militant Pacifists.

MUST — Militant Union of Student Thinkers.

Grill-hot burgers, ice cold Coke!

Coke makes food taste better.

## 'Girl Crazy' Was Crazy Man Crazy

By JENNIE LOU HALL

Attendance for the two performances of "Girl Crazy" was not halted by the rainy weather of last Monday and Tuesday nights.

Almost capacity audiences viewed the performances both nights and participated in the fun.

Judging from audience reaction, the two favorite specialty songs were "Embraceable You," sung by Alice McBride and Jim Fortner, and "I Got Rhythm," vocalized by Pat Stockdale.

J. T. Patterson's depiction of the comic Hungarian received many approving comments. "I think J. T. ought to get an academy award; he was so natural," said Robert H. Brown Jr.

Never-tiring variations of "Just Bidin' My Time" were sung by the Squires, our campus quartet, who kept the audience entertained through the scene changes.

Hugh Colville commented, "The quartet did a good job of livening the audience for the show."

"I wish we could have more of these big plays, but I guess we don't have the facilities," was Janis Teague's suggestion. As usual there were a few unplanned laughs, which, while they are funny to an audience, cause an actor to sweat. Such was the case on Monday night when Jack Morton pulled the trigger of his shotgun only the find that it had been double-loaded.

"It sounded like the building was falling in," explained Jack. Bits of wadding (material used for wrapping gun powder) flew all over the stage.

As if that were not enough, the same shotgun received an under-load of powder Tuesday night, so that when the trigger was pulled, it did not sound nearly as loud as a cap gun.

Credit is due Tom Dunavent for the splendid recovery he made after he dropped the knife which he was using to hold J. T. captive. With the help of his partner, Jack Morton, he regained the knife and the show went on.

## CARROLL SPEAKS TO BUSINESS CLUB

Coach Robert Carroll spoke on "Football is a Business" to the members of the Business Club when the ymet Monday night at 6:45.

Throughout his speech, Coach Carroll pointed out that advertising, publicity, salesmanship, accounting and statistics are vital elements of football just as they are in any business.

A committee was appointed to nominate officers for spring quarter.

At the close of the meeting, President Jerry Goodwin presented the speaker with a gift on behalf of the club to express their appreciation for his inspiring and informative speech.

# Two UTMB Men Make All-State

James Pritchett and Buddy Viniard were named to the Volunteer State Athletic Conference All-Tournament team.

The naming of the All-Tournament team climaxed the four day tournament at McQuiddy Gymnasium in Nashville. Four other colleges also placed two men on the team.

David Lipscomb defeated Austin Peay for the championship and Carson-Newman beat Union in the consolation game. UTMB lost to Austin Peay in a hard fought game in the quarter finals.

UTMB's James Pritchett was also named to the all-conference team in the Western Division of the Volunteer State Athletic Conference this week.

A sophomore from Martin, Pritchett has led the Vols in scoring averaging 18 points a game and rebounding averaging 12 per game.

Pritchett received a certificate from Dr. Jennings Davis Thursday morning at a breakfast sponsored by The Nashville Tennessean at the Biltmore Restaurant in Nashville.

Pritchett was outstanding in high school basketball and his team played in the state tournament in 1959. He is also the first player from Martin to play for UTMB. Having two years ahead of him, he is expected to be one of the top scorers in UTMB history.

Other western division all-

conference players are Jim Beshears and Jim Stewart of Austin Peay, Joe Aden of Union, and Larry Peterson of David Lipscomb.

Buddy Viniard, UTMB's single basketball senior, climaxed his collegiate career last week in the VSAC tourney in Nashville.

The captain of the Vols is from Kenton. Basketball fans haven't forgotten his record-breaking performances in the 1957 state high school basketball tournament when he carried little Kenton High School to the state tourney.

In 1957 Viniard set two records that still stand. He holds the records for the most foul shots attempted and made in one game and also in the tournament. He made 21 of 26 in one outing and finished the tourney 51 of 67.

This past week Viniard hit 11 of 12 free throws in the VSAC tournament. And scored 23 points in the two games.

## APSC Beats UTMB With Foul Shots

Austin Peay, 1960 VSAC champions, defeated the UTMB Vols in a tough basketball encounter in the quarter-finals of the tournament 82-75.

Austin Peay held a narrow 44-42 margin at halftime in a game that saw the lead change hands 7 times. UTMB was in contention until the final whistle was blown. APSC's slim victory came on the number of free throws since they were outscored from the floor 31 to 26 field goals. The Gobs however had 30 points on free throws to the Vols 13. The fouls called made the difference.

All-conference Governor Jim Beshears scored 30 points to pace the Austin Peay team. He had 16 on free throws.

UTMB was led by James Pritchett with 17 points and 18 rebounds. Buddy Viniard and Norman Gher had 11 apiece. Larry Powers followed with 8.

Substitutes: APSC — Camp, 8, Davis, 10, Celusta 8, UTMB—Walker 7, Shore 7, Powers 8, Hauser 6.

Fashions are not to be explained by the ordinary process of the brain.

James Pritchett shows himself to be a tough competitor against the Austin Peay "Cagies" in VSAC game in Nashville. This shot might well furnish a discussion topic at an officials' clinic.

## Brown Is Coach At New School

Bill Brown, a 1958-59 UTMB graduate, will become coach of the new Obion County Central High School at Troy.

The doors of the new school will open next fall. Brown has coached basketball at Obion High for two

BILLY BROWN

years and last week his girls' team won the county championship. His boy's team was also the winner of the District 28 crown.

He attended Paducah Junior College of Paducah, Ky., for two years, and then completed his college education at The University of Tennessee, Martin, graduating with a B.S. degree in business education.

Brown was a valued member of the basketball team while attending UTMB. He played the center position.

## Eleanor Nichols Is Back At UTMB

Eleanor Nichols is back in school and able to resume her studies after a week's stay in the Baptist Hospital in Memphis.

Eleanor got her hand cut by an electric skill saw while cutting boards. The bones and extensor tendons in her left hand were cut completely.

# UTMB Closes Out Good Cage Season

By RONNIE GILL

Facing a rebuilding job for the 1960-61 basketball team, head coach Floyd Burdette and assistant coach Vincent Vaughn came through with one of UTMB's better teams in the history of the school.

Losing nine players from last year's squad the prospects looked anything but bright. This season nine new players were added to the six returnees. Transfers included Norman Gher and Jim Swope, from the University of Houston; J. B. Brown, from Landsey-Wilson, the 4th ranked jr. college in the nation; Bob Hauser, from Freed-Hardeman; and Dolph Larimer and Bob Fry, from Murray State.

There were three freshmen on the squad, Larry Powers from Melbar, Ky., Jerry Rawls from Palmersville and Carl Gatewood from Martin.

UTMB's cagers started the season in fine fashion. Their record stood at 6 wins and 2 losses at Christmas time.

They won games from Arkansas College, Harding, Freed-Hardeman, Austin Peay while losing to the Missouri School of Mines, and Harding.

At this point the Vols seemed to go into a slump. Jim Swope and Bob Dawe were out for several weeks due to illnesses. The Vols lost to Delta State, Union, Belmont and Florence State in January while winning from David Lipscomb, Delta State, and Lambuth.

In February the Vols won three and lost three. Winning from Florence State, Lambuth, and Belmont, they lost to David Lipscomb, Union, and Austin Peay.

The Orangemen also had the misfortune to play the visitors part for three homecomings.

The Vols posted a 12-9 record overall and a VSAC record of 3-5 going into the conference tournament at Nashville.

UTMB ranked fourth in the National Association of Intercollegiate Athletics' District 27 according to won-lost records.

This year the Vols played two former champions of the VSAC. They drew Lincoln Memorial University, the 1959 champs, in the first round. Winning by a score of 79-76, their quarter final opponent was the defending champions, Austin Peay. APSC had been beaten only once in conference play during the season. That loss had been to UTMB. The Vols played the Gobs down to the wire and lost a close, hard-fought game.

There were many unforgettable moments during the 1960-61 season. Foremost — the 73-72 victory over Austin Peay which broke their home court string of victories at 28; the 68-67 loss to Harding College at their homecoming; the 100-63 victory over Freed-Hardeman; and the 69-68 overtime loss to Union.

In individual performances were turned in by—

James Pritchett, scoring 36 points against Florence State

Roger Shore, scoring 24 points against Belmont

Dave Walker, scoring 23 points against David Lipscomb and Freed-Hardeman

Bob Hauser, scoring 12 out of 12 free throws at Missouri Mines

James Pritchett, pulling down 20 rebounds against Florence State

Norman Gher, who ranked 1st in the nation in field goal percentages

Buddy Viniard, whose consistent scoring held up all season.

Congratulations — to James Pritchett, a sophomore whose remarkable scoring and rebounding rewarded him a place on the all-VSAC team. He also led the Vols in scoring averaging 19 points per game. And to — Norman Gher, whose accuracy in shooting field goals gave him first place in the nation for four weeks in percentages.

Even more encouraging are the prospects of next season. The Vols lose only one man. But that man will be sorely missed. He is Buddy Viniard, who has started at guard for 3 seasons. Captain of the Vols this season, he has compiled quite a record in his collegiate career.

Up and coming freshmen such as Larry Powers, Jerry Rawls, and Carl Gatewood along with Dolph Larimer and Bob Fry will add much strength to the squad making the 1961-62 Vols tougher than ever.

Milk production in the United States during 1960 was estimated at more than one billion pounds above 1959 figures.

# UTMB Roms To Whirlwind Finish

UTMB's basketball team won their final two games of the regular season beating Lambuth College 92-73 and Belmont College 87-86.

Roger Shore netted 24 big points and Dave Walker hit 2 vital free throws as the Vols nipped Belmont 87-86. Twelve seconds remained and UTMB led 85-84 when Boots Kirby of Belmont fouled Walker. Walker, who ranked high in the nation in free throw percentages, hit both the shots. Kirby then got the ball on a fast break and scored to make the final 87-86.

UTMB lost to the Belmont five earlier in the season 84-74 in Nashville.

Earlier in the week the Vols downed Lambuth 92-73. Led by all-conference center James Pritchett with 24 points the Vols jumped to an

early lead and maintained it throughout the contest.

Buddy Viniard, Norman Gher, and Larry Powers scored in double figures as the Vols defeated Lambuth for the second time this season.
